

**STATE OF TENNESSEE  
DEPARTMENT OF TRANSPORTATION**

This is a one time purchase for the State of Tennessee Department of Transportation for concrete channel slabs:

- 10 – precast flat 17” x 3’ – 6” x 18’ – 11.5” 90 degree
- 3 – precast curb 17” x 3’ – 9” x 18’ – 11.5” 90 degree
- 3 – precast curb 17” x 3’ – 9” x 16’ – 11.5” 90 degree
- 4 – precast curb 17” x 3’ – 9” x 27’ – 11.5” 90 degree
- 2 – precast flat 17” x 3’ – 6” x 28’ – 4.5” 90 degree

These concrete channel slabs are to be placed on existing bridges on existing bridges on State Of Tennessee Highways. Respondents are required to follow the Standard Structures Drawings for Bridges (SBR), SBR-2-122 and SBR-2-123 attached to the event. All bid prices are required to include the elastomeric pads, lag screws and bridge bolts in the overall pricing. Delivery/shipping fees will need to be considered in the overall bid price for FOB 1410 US Highway 70 Byp, Jackson, TN 38301 to TDOT stock yard in Jackson in Huntersville of US 70.

Delivery point of contact: Terry Pickett 731-935-0247
